Subject: Fw: QAPP review.

Fred,

I know you guys are busy and hate to be a nag.....

I wanted to check progress on a couple requests we have from Cabot.

1. I sent the revised QAPP (Mike's comments addressed) to you all for signature.
2. Cabot is still very interested in getting all the methods info.
3. Cabot is particularly interested in the HPLC method for glycols. I think they want to attempt the method you all are using.

So if you could please let me know where we are at on these requests.

thanks
Rich

Correct.

The 2010 revised QAPP (Micheal's comments addressed) is the now awaiting lab signature, correct?

Rich,
As per our telephone conversation this evening, we will not review this site specific QAPP.

Fred

Fred, I understand that you have graciously agreed to review the site specific QAPP for Dimock.

Please find the subject document attached below.
